

## BCIB Trade Profiles

British Columbia Infrastructure Benefits Inc. (BCIB) is a Crown Corporation employing skilled trades people on major infrastructure projects throughout the province. We employ the labour force on projects that fall under the Province's Community Benefits Agreement (CBA). When you join our database of skilled tradespeople, you gain access to a network of projects.

Through the CBA, we open doors for underrepresented workers, maximize apprenticeship opportunities, and work to create respectful and welcoming worksites. Our goal is to help you progress in your career with consistent work closer to home.

### **Groutman and Guniting**

Groutman and guniting labourers are required on the Broadway Subway Project all through the year 2022

#### **Job Profile Overview:**

As a Groutman or Guniting the job will entail placing shotcrete on concrete foundation and attending to the pot to make sure that the concrete is formed correctly, as well as mixing grout and filling joints.

#### **Working Conditions:**

- Extended/long shift hours in changing weather conditions
- Construction jobs require workers to be in good physical condition
- Noisy and dusty environments on dynamic terrains
- Busy job environment with multiple trades working together
- Elevated work platforms and cramped spaces frequently alternating between standing, kneeling, and lifting
- Personal Protective Equipment will be required (e.g., steel-toed safety boots, safety glasses/goggles, etc.)
- A Respiratory Protection Mask is required to be worn while performing work

#### **Experience, qualifications, and certifications that are considered an asset:**

- Must have experience with on-site Concrete Pump equipment and with on-site grout pump
- Must have experience in appropriate mix and control the flow and pressure of concrete and grout during operation of equipment
- Has experience assisting with conventional anchors and injection bore anchors building and installation and experience performing and assisting on anchor tensioning and testing on site
- Has experience assisting with Welded Wire Mesh (WWM) installation
- Has experience assisting on general maintenance of the construction site
- Ability to lift up-to 50 lb weight
- Respirable crystalline silica training considered an asset
- Construction Craft Worker certification considered an asset
- Experience working in heavy civil construction or road building considered an asset
- Must have good communication, interpersonal & coordination skills
- Fall Protection, Aerial Work Platform, Confined Space Entry considered an asset
- Have an understanding and the ability to follow safe work procedures.

- Site Ready BC with WHIMIS is required. Details will be provided by BCIB upon hire.

### **Create a Profile with BCIB**

To apply for work opportunities with BCIB, start by creating an online profile. Once you apply and are accepted into our database, we'll contact you when an appropriate position becomes available. When you join BCIB, you're joining a community of skilled British Columbians who work on some of the most interesting projects in the province.

Go to [www.bcib.ca](http://www.bcib.ca) and click "Apply Now." If you've already created a profile, hit "Already applied?" If you have any trouble accessing your profile, please email [workforce@bcib.ca](mailto:workforce@bcib.ca) so we can help.

### **Skills Development**

BCIB works with various support organizations to bridge skill gaps among workers with different levels of experience. If there are skilled trades training opportunities which match your profile, we will contact you.
