

BCIB Trade Profiles

British Columbia Infrastructure Benefits Inc. (BCIB) is the provincial Crown Corporation responsible for implementing the Community Benefits Agreement (CBA) on select public infrastructure projects. The CBA prioritizes the hiring of qualified local, Indigenous peoples, women, people with disabilities and other underrepresented groups and enables a culturally competent and respectful worksite. BCIB is committed to growing and mobilizing a safe, diverse and skilled workforce and increase opportunities for apprenticeships.

When you join our database of skilled tradespeople, you gain access to a network of projects. Our goal is to help you progress in your career with consistent work closer to home.

Groutman and Guniting

Groutman and guniting labourers are required on the Broadway Subway Project all through the year 2022.

Job Profile Overview:

As a Groutman or Guniting the job will entail placing shotcrete on concrete foundation and attending to the pot to make sure that the concrete is formed correctly, as well as mixing grout and filling joints.

Working Conditions and other requirements:

- Extended shift hours in changing weather conditions.
- Busy, noisy and dusty environments on dynamic terrains with multiple trades working together.
- Personal Protective Equipment will be required (e.g., steel-toed safety boots, safety glasses/goggles, etc.)
- Construction jobs may require workers to be in good physical condition with the ability to lift heavy weight.
- A Respiratory Protection Mask is required to be worn while performing work.
- Ability to follow instructions and basic design specifications.
- Must have good observational skills and the ability to multitask.
- Have a good understanding and the ability to follow safe work procedures.
- Have good communication, interpersonal and coordination skills.

Experience, qualifications, and certifications that are considered an asset:

- Must have experience with on-site Concrete Pump equipment and with on-site grout pump.
- Must have experience in appropriate mix and control the flow and pressure of concrete and grout during operation of equipment.
- Has experience assisting with conventional anchors and injection bore anchors building and installation, and experience performing and assisting on anchor tensioning and testing on site.
- Has experience assisting with Welded Wire Mesh (WWM) installation.
- Has experience assisting on general maintenance of the construction site.
- Respirable crystalline silica training considered an asset.
- Construction Craft Worker certification considered an asset.
- Experience working in heavy civil construction or road building considered an asset.
- Fall Protection, Aerial Work Platform, Confined Space Entry considered an asset.

- Site Ready BC including WHMIS (details will be provided by BCIB upon employment).

Create a Profile with BCIB

To apply for work opportunities with BCIB, start by creating an online profile. Once you apply and are accepted into our database, we'll contact you when an appropriate position becomes available. When you join BCIB, you're joining a community of skilled British Columbians who work on some of the most interesting projects in the province.

Go to www.bcib.ca and click "Apply Now." If you've already created a profile, hit "Already applied?" If you have any trouble accessing your profile, please email workforce@bcib.ca so we can help.

Skills Development

BCIB works with various support organizations to bridge skill gaps among workers with different levels of experience. If there are skilled trades training opportunities which match your profile, we will contact you.
