

BCIB Trade Profiles

British Columbia Infrastructure Benefits Inc. (BCIB) is the construction employer on some of British Columbia's largest infrastructure projects. Through the Community Benefits Agreement (CBA), BCIB prioritizes the hiring of qualified underrepresented workers including locals, Indigenous peoples, women, 2SLGBTQ+, people of colour and those with disabilities. BCIB's Respectful Onsite Initiative program enables a culturally competent and respectful worksite. BCIB is committed to growing and mobilizing a safe, diverse, and skilled workforce and increase opportunities for apprenticeships.

When you join our database of skilled tradespeople, you gain access to a network of projects. Our goal is to help you progress in your career with consistent work closer to home.

Ironworker Generalist

Journey Person and Apprentice Ironworker Generalists are required in Duncan on the Cowichan District Hospital Replacement Project all throughout 2023.

Job Description Overview:

As described by SkilledTradesBC formerly known as ITA, Ironworker Generalists may be required to perform any of the following tasks including rigging, welding, burning, riveting, bolting, drilling, fitting and fabricating or otherwise handling structural shapes and plates in the erection, demolition, repair and routine maintenance of steel structures, such as buildings, towers, cranes, and bridges. Ironworkers are involved with placing or moving machinery, curtain walls, window walls, tilt-ups, column claddings, architectural metal. They also work on the detailing, placing, post-tensioning, pre-stressing and tying of reinforcing steel or cable, including the unloading and handling of all such material.

Working Conditions and other requirements:

- Extended shift hours in changing weather conditions.
- Busy, noisy and dusty environments on dynamic terrains with multiple trades working together.
- Personal Protective Equipment will be required (e.g., steel-toed safety boots, safety glasses/goggles, etc.)
- Frequently alternating between standing, kneeling, and lifting positions in elevated or cramped spaces.
- Construction jobs may require workers to be in good physical condition with the ability to lift heavy weight.
- Must have good observational skills and the ability to multitask.
- Have a good understanding and the ability to follow safe work procedures.

Experience, qualifications, and certifications that are considered an asset:

- Must have a valid Red Seal, Journeyperson or Apprenticeship Ironworker certification.
- Has experience in unloading and placing rebar and operating electric hand tools in a safe and efficient manner.
- Rigging and welding certification such as SMAW and FCAW and experience considered an asset.
- Forklift Certificate or Telehandler Certificate considered an asset.
- Experience working in heavy civil construction or road building is considered an asset.
- Fall Protection Certification required. Confined Space Entry and Aerial Work Platform are considered an asset.

- Site Ready BC including WHMIS (details will be provided by BCIB upon confirmation of employment).

Create a Profile with BCIB

To apply for work opportunities with BCIB, start by creating an online profile. Once you apply and are accepted into our database, we'll contact you when an appropriate position becomes available. When you join BCIB, you're joining a community of skilled British Columbians who work on some of the most interesting projects in the province.

Go to www.bcib.ca and click "Apply Now." If you've already created a profile, hit "Already applied?" If you have any trouble accessing your profile, please email workforce@bcib.ca so we can help.

Skills Development

BCIB works with various support organizations to bridge skill gaps among workers with different levels of experience. If there are skilled trades training opportunities which match your profile, we will contact you.
