

BCIB Trade Profiles

British Columbia Infrastructure Benefits Inc. (BCIB) is the provincial Crown Corporation responsible for implementing the Community Benefits Agreement (CBA) on select public infrastructure projects. The CBA prioritizes the hiring of qualified local, Indigenous peoples, women, people with disabilities and other underrepresented groups and enables a culturally competent and respectful worksite. BCIB is committed to growing and mobilizing a safe, diverse and skilled workforce and increase opportunities for apprenticeships.

When you join our database of skilled tradespeople, you gain access to a network of projects. Our goal is to help you progress in your career with consistent work closer to home.

Grout & Gunite Labourer

Grout and Gunite labourers are required on the Highway 1 – Four Laning Project at the Quartz Creek Bridge project site all throughout the year 2022.

Job Profile Overview:

As a Grout and Gunite labourer the job will entail placing shotcrete and concrete foundation and attending to the pot to make sure that the concrete is formed correctly, as well as mixing grout and filling joints.

- Extended shift hours, in changing weather conditions
- Busy, noisy and dusty environments on dynamic terrains with multiple trades working together.
- Construction jobs may require workers to be in good physical condition with an ability to lift heavy weight.
- Personal Protective Equipment will be required (e.g., steel-toed safety boots, safety glasses/goggles, respiratory mask etc.)
- Ability to follow instructions and basic design specifications
- Must have good observational skills and the ability to multitask
- Have a good understanding and the ability to follow safe work procedures
- Have good communication, interpersonal and coordination skills

Experience, qualifications, and certifications that are considered an asset:

- Red Seal or Journey Person Construction Craft Worker certification considered an asset
- Must have experience with on-site concrete pump equipment and grout pump
- Must have experience in mixing and controlling the flow and pressure of concrete and grout during operation of equipment
- Experience working in heavy civil construction or road building considered an asset
- Experience in shotcrete and geopolymer application
- Ability to lift up-to 50 lb weight
- Respirable crystalline silica training considered an asset
- Fall Protection, Ariel Work Platform, Confined Space Entry considered an asset
- Site Ready BC including WHMIS (details will be provided by BCIB upon employment)

Create a Profile with BCIB

To apply for work opportunities with BCIB, start by creating an online profile. Once you apply and are accepted into our database, we'll contact you when an appropriate position becomes available. When you join BCIB, you're joining a community of skilled British Columbians who work on some of the most interesting projects in the province.

Go to www.bcib.ca and click "Apply Now." If you've already created a profile, hit "Already applied?" If you have any trouble accessing your profile, please email workforce@bcib.ca so we can help.

Skills Development

BCIB works with various support organizations to bridge skill gaps among workers with different levels of experience. If there are skilled trades training opportunities which match your profile, we will contact you.
